Units & Dimensions	Laws of Motion	C.O.M	SHM
Experimental Physics	Friction	Collision	Elasticity

Frequently Asked Questions

Who is this course for?

Ideal for Class 11th students going to class 12th and aiming for JEE 2025.

 Amp Up Your Mechanics Game with Us! 

 Struggling with backlogs, low scores, or unsolved doubts at your coaching? Join us to rock your prep!  

 Even if you don't go to a coaching, we will develop your concepts from ZERO to JEE ADVANCED heights!

Why MECHANICS?

 MECHANICS: The Backbone of JEE PHYSICS! 

Master it, and watch all other chapters fall into place like magic! ✨
Without a solid grip on MECHANICS, Physics becomes a tricky challenge, causing lost hope and fear. 😞
Fear not! Our course transforms Physics fear into excitement, laying the foundation for those high JEE ranks! 🏆 Get ready to score big in Physics! 🌟

Will I get personal attention?

Yes.

Class size matters! Our limit: 10 students per class, ensuring laser-focused attention.

Our pace? Tailored for everyone to grasp concepts fully.

Worried about Physics doubts? No problem! Instant faculty support via phone or WhatsApp—your questions, our quick answers! 🚀

But I am going to coaching already! Is this course for me?

🎓 YES! If you are struggling despite putting in hard work at coaching. If backlogs and low scores are stressing you out. 😞 Most coaching centers won't revisit class 11th topics, leaving you stranded.

🚀 Don't gamble with a risky approach—risking a year and your JEE rank. Take control! Our course tackles weak spots, making your JEE 2025 attempt your absolute best. ⚡ Don't miss out on the chance to supercharge your prep! 🌟

Are these online classes?

Yes, they will be conducted over video conference software like Zoom/Gmeet or others. We will send you the specific details once you purchase the course.

What equipment do I need?

You need a laptop and internet connection.

Pricing

**Pay Monthly X 6 installments:
INR 2000/-**
