- Focussed attention guarantee - less than 10 students per class
- Mentorship and career guidance even after the course is over.
- Aniket Sir: IIT Bombay (JEE AIR 1768); CAT qualified (99.55%)

## CHAPTERS COVERED:

Vectors	C.O.M	Capacitance
Calculus	Collision	Current Electricity
Units & Dimensions	Rotation	Moving Charges and Magnetism
Experimental Physics	Gravitation	EM Waves
Kinematics	Elasticity	EMI & AC
Relative Motion	Fluid Mechanics	Ray Optics
Laws of Motion	SHM	Wave Optics
Friction	Waves	Modern Physics
Work Energy Power	Heat & Thermo	Semiconductor
Circular Motion	Electrostatics	

## Frequently Asked Questions

### Who is this course for?

Ideal for Class 11th students going to class 12th and aiming for JEE 2025.

 Amp Up Your Physics Game with Us! 

📖 Struggling with backlogs, low scores, or unsolved doubts at your coaching? Join us to rock your prep! 🚀🇮🇳

🎓 Even if you don't go to a coaching, we will develop your concepts from ZERO to JEE ADVANCED heights!

### Will I get personal attention?

Yes.

Class size matters! Our limit: 10 students per class, ensuring laser-focused attention. Our pace? Tailored for everyone to grasp concepts fully.

Worried about Physics doubts? No problem! Instant faculty support via phone or WhatsApp—your questions, our quick answers! 🚀

### But I am going to coaching already! Is this course for me?

🎓 Yes! If you are struggling despite putting in hard work at coaching. If backlogs and low scores are stressing you out. 😞 Most coaching centers won't revisit class 11th topics, leaving you stranded.

Backlogs may spiral out of control in class 12th due to weak foundations in class 11th. 🚧 Time to strengthen those basics before it's too late! 🦸

🚀 Don't gamble with a risky approach—risking a year and your JEE rank. Take control! Our course tackles weak spots, making your JEE 2025 attempt your absolute best. ⚡ Don't miss out on the chance to supercharge your prep! 🌟

### Are these online classes?

Yes, they will be conducted over video conference software like Zoom/Gmeet or others. We will send you the specific details once you buy the course.

### What equipment do I need?

You only need a laptop and an internet connection.

### Pricing

Pay Monthly X 11 months: INR 2000/-
